

# Dupage County Elected Leaders Endorse Governor Rauner

**Susan Burton, Cari Lynn**

**The House That Madigan Built** Ray Long, 2022-03-03 Michael Madigan rose from the Chicago machine to hold unprecedented power as Speaker of the Illinois House of Representatives. In his thirty-six years wielding the gavel, Madigan outlasted governors, passed or blocked legislation at will, and outmaneuvered virtually every attempt to limit his reach. Veteran reporter Ray Long draws on four decades of observing state government to provide the definitive political analysis of Michael Madigan. Secretive, intimidating, shrewd, power-hungry--Madigan mesmerized his admirers and often left his opponents too beaten down to oppose him. Long vividly recreates the battles that defined the Madigan era, from stunning James Thompson with a lightning-strike tax increase, to pressing for a pension overhaul that ultimately failed in the courts, to steering the House toward the Rod Blagojevich impeachment. Long also shines a light on the machinery that kept the Speaker in power. Head of a patronage army, Madigan ruthlessly used his influence and fundraising prowess to reward loyalists and aid his daughter's electoral fortunes. At the same time, he reshaped bills to guarantee he and his Democratic troops shared in the partisan spoils of his legislative victories. Yet Madigan's position as the state's seemingly invulnerable power broker could not survive scandals among his close associates and the widespread belief that his time as Speaker had finally reached its end. Unsparing and authoritative, *The House That Madigan Built* is the page-turning account of one of the most powerful politicians in Illinois history.

**Power PR: Ethnic Activists Guide to Strategic Communications** Ray Hanania, 2015-08-08 Power PR is a simple to follow blueprint for Ethnic and Minority Activists to help them develop strategic communications plans to overcome the bias in the mainstream news media to advance their narrative. The mainstream news media is biased, especially against minority minorities. This book helps you write the message and create the products to help promote the message directly to the target audience. It details the 10 Fundamentals of Strategic Communications. Power PR is authored by award winning veteran former Chicago City Hall reporter and columnist Ray Hanania, an American Arab. The book is based on Hanania's nearly 40 years of frontline experience in journalism and strategic communications in overcoming biases in the journalism profession. You can get more information and updates at [www.UrbanStrategiesGroup.com](http://www.UrbanStrategiesGroup.com)

**Democracy's Rebirth** Dick Simpson,2022-04-26 Dick Simpson draws upon his fifty-year career as a legislator, campaign strategist, and government advisor to examine the challenges confronting Americans in their struggle to build the United States as a multiracial, multiethnic democracy. Using Chicago as an example, Simpson examines how the political, racial, economic, and social inequalities dividing the nation play out in our neighborhoods and cities. His investigation of our current crisis and its causes delves into issues like money in politics, low voter participation, the politics of resentment, political corruption, and a host of structural problems. But Democracy's Rebirth goes beyond analysis. Simpson lays out a sober, practical manifesto meant to inspire people everywhere to educate themselves and do the hard work of creating the kind of strong institutions that will allow true democracy to flourish. With a foreword by Mayor Lori E. Lightfoot.

*Annie Allen* Gwendolyn Brooks,1949

**Drone Dogs** Claude Walker,2015-11-11 Autumn, 2017. Chicagos skies are clogged with drones. Drones which deliver tacos, tasers or terror. The Super Cyclops facial-recognition drone, incendiary Vulcan Twister and tiny Mosquito, which can inoculate, inject or irk. Due to the popular Drone-O-LimpX reality show, everyones droning: TV crews, oppo researchers, drone-peepers, gang-bangers, dronie-snapping tweens. But when a drone graphically kills a beloved giraffe, the public turns against the unrestricted industry. Big Drone battles SAFE (Skies Are For Everyone), which would ban armed drones and impose drone taxes. Epic rumbles rage in the Halls of Congress and Skies of Chicago, where a local cop and FBI agent take to the sky to end a gang drone war. Drone Dogs is a parable about technology in the hands of idiots and call for public debate about new technologies.

**Officer Safety** Laura King,2020-10-05 If you are a police officer, you need to read this book... it just might save your life. Each year, law enforcement loses more officers to suicide than to all line-of-duty causes of death combined. To stop this from happening, the concept of Officer Safety needs to be redefined to address both the physical and psychological threats that are the realities of our profession. This book will help prepare officers to meet both the physical and psychological challenges they will encounter when they choose a career in law enforcement.Over time, the stress, negativity and traumatic events an officer sees repeatedly during the course of a law enforcement career can compromise the officer's psychological resiliency. Unaddressed, this can create problems in both the officer's personal and professional life. This book will help officers learn how to:- remain psychologically strong- meet the psychological threats of the profession-avoid other rampant issues within the profession, such as alcoholism, divorce, and poor health conditions-protect their resiliency, health, and happiness at work and at home. Chief Laura LV King has been a police officer for 26 years. She's a professional speaker and trainer on mental wellness and psychological resiliency for police organizations throughout the country. In addition to her personal experience in law enforcement, King has spent years researching mental wellness specifically for law enforcement professionals. Mental wellness is not soft stuff, it is a matter of life and death.This is information every officer must know to survive their career. It

is no longer enough that we go home at the end of our shift. We deserve to go home healthy, happy, and a well-adjusted human being.- Dr. Laura LV King

*Collaborative Law* Pauline H. Tesler,2001 This unique new handbook explains this emerging dispute resolution model of collaborative law that is helping family lawyers bring their clients through the divorce passage with integrity and satisfaction. Collaborative Law describes how this approach engages the unique problem-solving skills of lawyers to achieve settlements that creatively and appropriately customize outcomes in the way that few courts are able to achieve. In the collaborative process, fees and costs are minimized, high-quality legal counsel and negotiating assistance are built in, and the ability of divorcing spouses to cooperate and coparent is maximized to a dramatic extent.

**Chicago Tribune Index** ,2003

Reforming Juvenile Justice National Research Council,Division of Behavioral and Social Sciences and Education,Committee on Law and Justice,Committee on Assessing Juvenile Justice Reform,2013-05-22 Adolescence is a distinct, yet transient, period of development between childhood and adulthood characterized by increased experimentation and risk-taking, a tendency to discount long-term consequences, and heightened sensitivity to peers and other social influences. A key function of adolescence is developing an integrated sense of self, including individualization, separation from parents, and personal identity. Experimentation and novelty-seeking behavior, such as alcohol and drug use, unsafe sex, and reckless driving, are thought to serve a number of adaptive functions despite their risks. Research indicates that for most youth, the period of risky experimentation does not extend beyond adolescence, ceasing as identity becomes settled with maturity. Much adolescent involvement in criminal activity is part of the normal developmental process of identity formation and most adolescents will mature out of these tendencies. Evidence of significant changes in brain structure and function during adolescence strongly suggests that these cognitive tendencies characteristic of adolescents are associated with biological immaturity of the brain and with an imbalance among developing brain systems. This imbalance model implies dual systems: one involved in cognitive and behavioral control and one involved in socio-emotional processes. Accordingly adolescents lack mature capacity for self-regulations because the brain system that influences pleasure-seeking and emotional reactivity develops more rapidly than the brain system that supports self-control. This knowledge of adolescent development has underscored important differences between adults and adolescents with direct bearing on the design and operation of the justice system, raising doubts about the core assumptions driving the criminalization of juvenile justice policy in the late decades of the 20th century. It was in this context that the Office of Juvenile Justice and Delinquency Prevention (OJJDP) asked the National Research Council to convene a committee to conduct a study of juvenile justice

reform. The goal of Reforming Juvenile Justice: A Developmental Approach was to review recent advances in behavioral and neuroscience research and draw out the implications of this knowledge for juvenile justice reform, to assess the new generation of reform activities occurring in the United States, and to assess the performance of OJJDP in carrying out its statutory mission as well as its potential role in supporting scientifically based reform efforts.

**The Gatekeepers** Chris Whipple, 2017 The first in-depth, behind-the-scenes look at the White House Chiefs of Staff, whose actions--and inactions--have defined the course of our country. Since George Washington, presidents have depended on the advice of key confidants. But it wasn't until the twentieth century that the White House chief of staff became the second most powerful job in government. Unelected and unconfirmed, the chief serves at the whim of the president, hired and fired by him alone. He is the president's closest adviser and the person he depends on to execute his agenda. He decides who gets to see the president, negotiates with Congress, and--most crucially--enjoys unparalleled access to the leader of the free world. When the president makes a life-and-death decision, often the chief of staff is the only other person in the room. Each chief can make or break an administration, and each president reveals himself by the chief he picks. Through extensive, intimate interviews with all seventeen living chiefs and two former presidents, award-winning journalist and producer Chris Whipple pulls back the curtain on this unique fraternity, whose members have included Rahm Emanuel, Dick Cheney, Leon Panetta, and Donald Rumsfeld. In doing so, he revises our understanding of presidential history, showing us how James Baker and Panetta skillfully managed the presidencies of Ronald Reagan and Bill Clinton, ensuring their reelections--and, conversely, how Jimmy Carter never understood the importance of a chief, crippling his ability to govern. From Watergate to Iran-Contra to the Monica Lewinsky scandal to the Iraq War, Whipple shows us how the chief of staff can make the difference between success and disaster. As an outsider president tries to govern after a bitterly divisive election, *The Gatekeepers* could not be more timely. Filled with shrewd analysis and never-before-reported details, it is a compelling history that changes our perspective on the presidency.--Jacket flap.

**Against the Referendum** Jane T Stoddart, 2023-07-18 A passionate argument against the use of referenda as a tool of democratic decision-making, this book draws on historical examples to demonstrate the dangers of oversimplifying complex issues and risking the tyranny of the majority. With insights into contemporary political debates around the world, this is an important contribution to the ongoing discussion about the proper role of direct democracy in modern societies. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of

keeping this knowledge alive and relevant.

**Compassion** Werner J. Krieglstein,2021-12-06 This book makes compassionate caring and connectedness the central themes. Imbedded in the human psyche we find a deep yearning for connection. This book explores the many roadblocks that human beings put in the way of a healthy and respectful dialogue with each other, with nature, and with the universe. It also cites numerous examples from literature, philosophy, and society of a reawakening sense of connectedness.

**Until the Flood** Dael Orlandersmith,2020-03-31 “Until the Flood is an urgent moral inquest.” —Jesse Green, New York Times In the gripping and revelatory *Until the Flood*, Dael Orlandersmith journeys into the heart and soul of modern-day America—confronting the powerful forces of history, race, and politics. Drawn from interviews following the shooting of a black teenager, Michael Brown, by a white police officer, Darren Wilson, Orlandersmith embodies the many faces of a community rallying for justice and a country still yearning for change.

**Becoming Ms. Burton** Susan Burton,Cari Lynn,2017-05-09 Winner of the 2018 National Council on Crime & Delinquency’s Media for a Just Society Awards Winner of the 2017 Goddard Riverside Stephan Russo Book Prize for Social Justice “Valuable . . . [like Michelle] Alexander's *The New Jim Crow*.” —Los Angeles Review of Books “Susan Burton is a national treasure . . . her life story is testimony to the human capacity for resilience and recovery . . . [Becoming Ms. Burton is] a stunning memoir.” —Nicholas Kristof, in *The New York Times* Winner of the prestigious NAACP Image Award, a uniquely American story of trauma, incarceration, and the breathtaking resilience of the human spirit (Michelle Alexander) Widely hailed as a stunning memoir, *Becoming Ms. Burton* is the remarkable life story of the renowned activist Susan Burton. In this stirring and moving tour-de-force (John Legend), Susan Burton movingly recounts her own journey through the criminal justice system and her transformation into a life of advocacy. After a childhood of immense pain, poverty, and abuse in Los Angeles, the tragic loss of her son led her into addiction, which in turn led to arrests and incarceration. During the War on Drugs, Burton was arrested and would cycle in and out of prison for more than fifteen years. When, by chance, she finally received treatment, her political awakening began and she became a powerful advocate for a more humane justice system guided by compassion and dignity (Booklist, starred review). Her award-winning organization, A New Way of Life, has transformed the lives of more than one thousand formerly incarcerated women and is an international model for a less punitive and more effective approach to rehabilitation and reentry. Winner of an NAACP Image Award and named a Best Book of 2017 by the Chicago Public Library, here is an unforgettable book about the breathtaking resilience of the human spirit (Michelle Alexander).

**Wake, Rise, Resist** Joanna Spathis,Kerri Kennedy,2017-10-24 What this country needs right now to get us out of this political nightmare is you! We need your collective energy and creativity and heart in the fight right now. *Wake, Rise, Resist* is your guide to this fight. These 128 actions will show you how to get involved in the work for social justice, racial equality,

refugees, and more.

**Obama** David Mendell, 2017-02-21 Barack Obama is arguably the most dynamic political figure to grace the American stage since John F. Kennedy. His meteoric rise from promise to power has stunned even the cynics and inspired a legion of devout followers. For anyone who wants to know more about the man, David Mendell's *Obama* is essential reading. Mendell, who covered Obama for the Chicago Tribune, had far-reaching access to the Chicago politician as Obama climbed the ladder to the White House, the details of which he shares in this compelling biography. Positioning Obama as the savior of a fumbling Democratic party, Mendell reveals how Obama conquered Illinois politics and paved the way brick by brick for a galvanizing, historic presidential run. With a new afterword by the author, which includes a fresh perspective on Barack Obama following his two historic terms as the first African-American president, and with exclusive interviews with family members and top advisers, and details on Obama's voting record, David Mendell offers a complete, complex, and revealing portrait. This book is a must-read for anyone interested in American politics in general and President Barack Obama in particular.

[The Promise and Practice of Next Generation Assessment](#) David T. Conley, 2018 The book provides practical explanation and guidance to nontechnical readers who want to expand the range of assessments used in schools, beyond multiple choice tests to newer, more experimental measures that can provide a fuller portrait of students' interests, capacities, and learning.-
